## About Us

Starlight Process Dry Engineering Group Co., operating under the brands Starline and Millstone, was founded in 1974 by Engineer Kamran.

The company specializes in the production and processing of agricultural products, including fresh dried fruits, frozen dried fruits, and premium dried vegetables, using advanced technology and in compliance with high hygiene standards. With a team of around 100 skilled professionals, it focuses on experimental packaging and the distribution of food products, serving both domestic and international markets.
